

2021 Impact Report

FAMILY FINANCIAL ASSISTANCE

HUNDREDS of meals for inpatient families!

Even though COVID changed our ability to serve food directly to patients, Addi's Faith still made sure our precious families were fed. Monthly, Jessica (AFF's Director of Family Relief) would drop off food for hospital staff to distribute to families on the cancer floor.

HER STORY...

Kadince was diagnosed with Chondroblastic Osteosarcoma in 2019 and relapsed in the summer of 2020. Kadi is a strong fighter that continues to battle this disease while still finding time to paint and play with her puppy.

MEET KADI

\$1,350
Utility Bill

\$1,000
Christmas gifts

"Wow! That is amazing and I'm so grateful as this couldn't have come at a better time! It means so much for Addi's Faith to think of us during the holidays, especially after the recent help with our phone bill not long ago. Thank you so much! This made my entire month."

- Kadi's mom

AFF Family Financial Relief

FUNDING FOR RESEARCH

\$300,000

in childhood cancer research given in 2021

MD Anderson Pediatric Cancer Research

Thanks to annual fundraising events and corporate partnerships, Addi's Faith Foundation has continued to fund critical research at MD Anderson Cancer Center. Currently, AFF is funding a specific project focusing on the use of autologous natural killer (NK) cells to more safely and effectively treat recurrent/refractory brain tumors in children.

Addi's Faith has completed an initial \$1 million dollar pledge and is currently paying towards a new \$2 million dollar commitment. Similar to how the monthly contributions from AFF's Sunshine Circle allows programming to continue on a consistent basis, regardless of floods or pandemics, pledging these funds to MD Anderson allows research to continue uninterrupted, ensuring constant progress towards a cure!

Your Magnified Impact **MEET IYANA**

Iyana was diagnosed with Pre B-Cell Acute Lymphoblastic Leukemia. AFF was able to relieve some of the added financial strain by paying towards their mortgage once in 2020 and again in 2021 utilizing donations collected at the annual AddiShack Golf Tournament! Iyana completed treatment and graduated high school in 2021!

"Iyana was diagnosed with B cell ALL. She is currently in college for nursing. We want to say thank you to Addi's Faith Foundation for being there with us thru Iyana's journey. They knew exactly what we needed without us having to reach out or say anything, which means a lot when you don't even know what you need or where to start. Words can't express how grateful we are for them!"

- Iyana's Mom

COMING IN 2022

Addiball

MARCH 26TH

Join us at Kingwood High School for this exciting event to smash childhood cancer!

Addishack

APRIL 11TH

Double tournament! Join us for a morning or afternoon shotgun start at Tour 18!
