Addi's Faith Foundation is a nonprofit organization that was created to help fund pediatric brain tumor research as well as provide financial assistance to families who need help caring for their sick child. We want to provide support and hope to the next family that hears those six horrific words, "Your child has a brain tumor." More than anything we hope to someday put an end to this awful disease altogether. That is what we put our FAITH in. After all, "Everything is possible for him who believes!" (Mark 9:23)
